Saving LIKED image(s)

If you like an image and there is a **heart** button in the upper left-hand corner of that image you can add it to a favorite set. You must have an account to save any image(s) to a favorite set. You will need to log in or create an account. Click on the **CONTINUE** button and the following screen will display.

If you do decide to create separate favorite sets make sure you switch to that set before selecting your image(s). As you can see in this example I selected the **Example FAV** set before adding image(s).

When done adding image(s) to the set you can switch to it by using the drop down menu. Once in that set you can display a **Slideshow** or **Share to a friend**. You will need to copy/paste the link you want to send them. You can send both if you like. Note, the photo(s) can only be downloaded if the main gallery had a **DOWNLOAD** button.
